

INTERNATIONAL FINN ASSOCIATION Inc.

2024 Finn Open Europeans – Cannes, France, 18-25 October

Under Class Rule A5.2, the following change to Class Rules has been approved by the International Finn Association and Finn France.

Add to Notice of Race

3.2 [DP] [SP] Class Rules are changed as follows: A VHF radio or a mobile phone may be carried on board by skippers over 65 years old and those receiving written permission from the Race Committee for specific health-related reasons. In case of emergency only, these skippers may communicate with the Race Committee and the safety services at sea.

Telephone numbers related to safety at sea will be communicated in the Sailing Instructions.

The organiser reminds these skippers that the use of VHF is legally regulated. It is the responsibility of these skippers to ensure the legality of the use of VHF on board their boat.

Any VHF radio or mobile phone carried must be sealed in an opaque bag and switched off from leaving the shore until returning to shore, except in an emergency. Spot checks may be carried out to confirm compliance with this rule."
